

DRONTECH

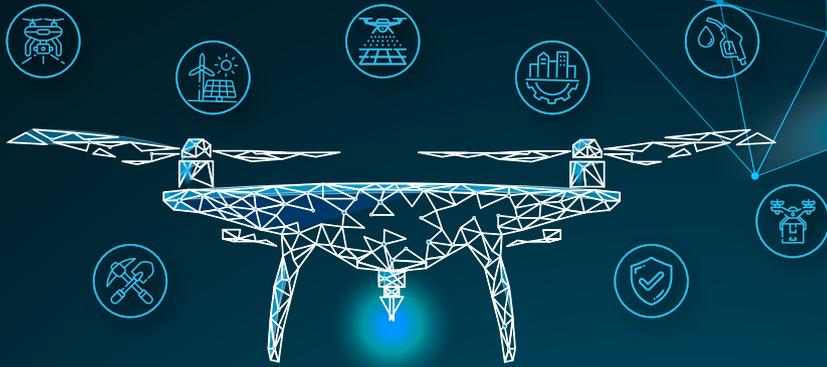

ASIA 2026

PROPELLING ASIA'S DRONE INDUSTRY

11 ▶ 13
November 2026

IMPACT, Muang Thong Thani, THAILAND

THE DRONTECH ASIA EXPERIENCE :

Partner with Asia's leading the business platform for drone manufacturers and service providers of autonomous **land, sea, and air vehicles** (UGV, UUV, UAV)

Focus Your Solutions in front of real decision makers of drone technology and applications across industries of agricultural & forestry, defense, transportation, infrastructure, entertainment industries and more.

Align Your Brand with the most current International Main Conference and Technical Seminars dedicated on commercial drone application and implementation.

Contribute to Thailand and Asia's burgeoning drone industry by demonstrating your leading capabilities.

The inaugural DronTech Asia 2024 exhibition and conference created a platform to help further the understanding, application, and interest for drone technologies and services across Asia. The 2024 edition witnessed over **60 exhibiting companies, 100+ brands** from across the world including the Italy, France, India, Singapore, Malaysia, China, and of course Thailand. Furthermore, the three-day event was attended by over 3,000 professionals interested in understanding how drone technologies can be applied to their industries and organizations.*

As Southeast Asia's largest B2B event dedicated to drones and their technology, we invite you to secure your location and opportunity for our next edition taking place 18-20 November 2026 in Bangkok Thailand.

*Note : Figures are based upon organizer numbers and estimates as of November 5th 2024. Actual numbers will be reflected in official post show reports.
