We can list a few more companies not yet mentioned

iCreative Systems
iCreative Systems is a Thailand-based UAV technology company that designs and manufactures fixed-wing, multicopter and VTOL/wVTOL drone platforms, complete proprietary hardware, software and autonomous systems. The company also provides aerial surveying and mapping solutions, as well as technologies for robotics, ground vehicles and aerial firefighting and rescue.

HOBBYING
HOBBYING is a leading Chinese developer and manufacturer of drone propulsion systems, providing motors, ESCs, propellers and integrated power systems for UAVs ranging from multicopter and VTOL platforms to heavy-lift and wVTOL applications.

GREPOW
GREPOW specializes in customized, semi-customized and stock drone battery. We could design and manufacture customized batteries ranging from chemistry to structure and protection systems. As a professional drone battery supplier, we confidently provide the perfect battery solution for your specific project. Whether a complete power solution with Battery Management System and Charger, or OEM/ODM, leave it all to Grepow.
